## Departmental Associations (PGSAs)

Each department (or faculty) can form an association (a PGSA), which, in addition to representing its members on [PGSS' council](#), acts to enhance its members' academic, personal and social experiences at McGill on the departmental (faculty) level. PGSAs are always looking for new volunteers, so do not hesitate to [contact your association to get involved!](#) A few PGSAs do not have any active members. You can contact PGSS to start one. These groups are funded by a small fee each semester, so if you have a project in mind, contact them by clicking on their name below! Your association might just foot the bill.
